# 1 Introduction

## 1.1 Measures to try to delay the Apocalypse

According to Our Lady (and Jesus) in New York (please refer to the link: [www.tldm.org](http://www.tldm.org)) and later in Medjugorje, we have some weapons that may delay the tragedy of the apocalypse farther in the future. However these measures work better if they are performed by a significant number of persons. These measures are:

- praying frequently the rosary (the more rosaries prayed the best)
- doing penance, sacrifice
- fast. Our Lady in Medjugorje says that prayer and fast can be very powerful
- in order to avoid evil surprises, try to be in state of grace
- try the novena to Mary that undo the knots, to try to delay the apocalypse

Of course, if there are too few persons putting these measures in practice, and all the rest of the world persist in sin, these measures are not enough and the world becomes in a situation of great sin, meaning thus, that the conditions to start the apocalypse are there...

## 1.2 And if the Apocalypse comes... what to do?

- If I understood well the prophecies, the best is to be a good catholic, in state of grace\*. The good believers have nothing to fear, because God shall spare them from the tribulations of the Apocalypse. At the given time, Jesus and His Angels shall "rapt" the good believers, taking them to a safe place, the paradise. The press shall say that the authors were beings from another planet, in place from Jesus, tell us the Virgin and Jesus in New York (link: <http://www.tldm.org> ).
- The other believers still may have two other possibilities: at the moment of the great warning, an interior warning which alerts us to the dangers of the antichrist, of our sins and of the undeniable existence of God, we shall ask help immediately to our guardian angel, in thinking, in order to find a safe refuge, protected by God. If the help is accorded, we must go as soon as possible to the refuge, living away our home. The angels shall nourish us in this

kind of caves, so no big luggage is required. We become thus refugees hidden during the years of the tribulation.

Note: is better to protect the “abandoned” house with a cross in the front door and a cross in the back door in order to protect it against the apocalyptic destruction, tell us the blessed Virgin in New York, [www.tldm.org](http://www.tldm.org).

Note2: according to the declarations of the Virgin and Jesus in <http://www.apparitionsmariales.org>, other signs that it's time to ask help to Jesus and the guardian angel to find a refuge: news of the implant of the microchip being mandatory in the body, (synthetic) virus pandemic, beginning of the reign of the antichrist after the big war in the Middle East (pretext: Palestine) and the really cold temperatures, martial law, famines, new schism of the Roman Catholic Church.

- What if I don't go to a safe refuge? The last good possibility is to refuse all suggestions coming from the antichrist/beast: a believer risks thus sanctification through martyrdom, persecution, starving. If we choose for martyrdom, because we refuse to submit to the antichrist, then the reward is big: we die, but we also become saints (martyrs). And after the short number of years of the tribulation and reign of the antichrist, returns Jesus and the martyrs, victims of the antichrist, they resurrect, they reign with Jesus and they don't die any more.
- But: if we submit to the suggestions of the antichrist, per timidity or to escape death, worshiping the antichrist/beast or his image or putting his mark in the front or in the hand, then we may be safe for a few years, but after returns Jesus and we go to hell. To avoid this possibility, thus.

\*- a catholic in state of grace is a catholic, thus baptized, which has not committed any mortal sin since the last confession. A mortal sin is a sin severe sin committed against one or more of the 10 commandments of God. Everybody can convert to Catholicism, ask a priest to be baptized (and confirmed) and demand to confess their sins. After the penitence and pardon of the sins, it suffices not to do any mortal sin and go to the mass every Sunday (or Saturday afternoon). If we commit a mortal sin, we have to confess the sins to a priest in order to be forgiven and to return to the state of grace.

### 1.3 What I understood from the scriptures: overview

If I understood correctly the scriptures, the future of Israel seems to be more and more glorious. However some moments of panic are not excluded: Chinese, Greeks/Romans, and Germanics/Nordics still seem to attack them.

The 3 ½ years\* that precede the day of Yahweh seem to be terrible for both Jews and (undecided) Christians. It is the time where the abomination of desolation shall be (again) in the Yahweh's Jewish temple. Before the coming of the Messiah and rise of Israel to the

status of superpower, it seems that the anti-Christian powers shall dominate the world. Many believers shall die. However those who die for the God's case shall come back to life after the coming of the Messiah (Ap 20), and they shall reign with Him as saints martyrs.

Afterwards, shall be a period of 1000 years\* of peace and security (Ap 20), where the Messiah and the saints shall act as the police of the world. This world shall be more perfect but still not a true paradise, since small sin still exists.

Finally the war of Gog, king of Magog (Nordic powers from the west?) shall take place, before the Final Judgment, and the coming of the paradise to the Earth. New Jerusalem is of course the capital.

It follows some prophecies in sequence (whenever possible):

- a) Following the prophecies of the popes (St Malachy), the current one has the title « the glory of the olive » . If I'm correct, for the current times, taking into account also Ez 38:8:
  0. the Jews return of Jews to Israel
  1. time of sword(=war) for Israel. This can still go on...
  2. the Pope "Glory of the Olive" succeeds to John Paul II. The olive seems to be connected with the Mediterranean. Maybe peace/glory for Israel, or glory for a Mediterranean power or glory for prophets (please see possible explanation in chapter 2)...  
Uncertain future  
...
- b) The Jewish Temple of Yahweh shall be rebuilt again, otherwise it will not be able to be profaned by the antichrist (Mc 13,14).
- c) According to Daniel 11:40 -12:1, the king of Egypt (African Islam?) may attack the king of the Greek countries (west?) starting the wars of the end of the age. The king of the North shall win this war temporarily.
- d) A people very, very numerous and powerful as it never existed (possibly the Chinese) shall come like locusts (Joel 2,2), where a lot of things are burned, they enter through the windows, and attack Israel. They shall dominate from the western sea (Mediterranean) up to the eastern sea. It is possible that is this people (with or without Russia) that defeat the king of the West/North of Daniel 11:40-12:1. They may establish a Mediterranean union as a solution for the troubles that existed previously between both margins of the Mediterranean.
- e) The gentiles control the world. Two real prophets alert during 3 ½ years\* the world for what is going to happen.

From the apparitions of Our Lady, site <http://www.ladyofallnations.org/>, we learn that these prophets are Enoch and Elijah. The red snake/dragon, possibly a world power like China, give the world power to the restored (Greek) Roman empire, the 10-country Mediterranean union. Seven difficult years, being the last 3 ½ years\* terrible for Christians and Jews. Possible repetition of the profanation of the (rebuilt) Jewish temple in Jerusalem, by the Roman Emperor, the beast, the antichrist. True Christians are taken by Jesus Himself to a safe place, the paradise. Almost everything is controlled and other believers are in troubles if they don't worship the image of the beast. The icon painted by Saint Faustina about Jesus/ the Divine Mercy shall already be very famous all over the world. The probable last pope, Peter the roman, and the church shall be in serious troubles.

- e) Probable destruction of gentile Rome.(Provisory) end of the church. References: st Malachy prophecies for the popes. Ap16:19 and 17:16 for Rome.
- f) End of the tribulation. Coming surprise of the Messiah, for the great majority of the persons, the remaining non believers. Victory in Megiddo / Armageddon (Israel). Resurrection of the martyrs, the believers killed during the tribulation. Partial judgment. Israel becomes a superpower and very reach. Jesus and the saints act as policemen of the world, in a way much more perfect than the USA today. Refs Ap 16:16, Ap 19:11-21, Ap 20, Ap 12:5, gospels, old testament
- g) 1000 years\* of peace and security (Ap 20 :1). Walls are no longer needed (Ez 38:11)
- h) War of Gog, king of Magog. Magog shall be the Germanics from northern Europe and/or America. Eventually Gog and his allies may even be all the powers from extreme north plus others (Latin's, Persians, etc). Panic in Israel. Defeat of Gog and his numerous allies (Ap38:8, Ez 38 and 39).
- i) Resurrection of the death, final judgment, new universe, paradise on earth. New Jerusalem capital of this paradisiacal world (Ap 20:11+).

I'm open to suggestions and/or corrections.

\* according to the catholic church and some declarations of Our Lady and Jesus in [www.tldm.org](http://www.tldm.org) and [www.apparitionsmariales.org](http://www.apparitionsmariales.org), it is prudent not to take these numbers of years literally. It gives an idea of the time it lasts, but possibly, literally, these periods are even shorter...

## 1.4 What I understood from the scriptures-justifications

What I've told above shall be justified. I can not say that my sentences are 100% right, but I can say that they are logical. To understand good the prophecies it is necessary to have some knowledge of world history, geography and religion. Some precise documentation is necessary like historical and geographical Atlas, detailed Bibles (like the bible of Jerusalem), etc. I checked also the prophecies of St. Malachy concerning the popes and the information from the ancient web site [www.jpdawson.com](http://www.jpdawson.com) concerning the interpretation of the prophecies of the biblical book of Daniel. Note: this web site no longer exists.

The interpretation of those prophecies is not easy. For my interpretations, I cross the data from the books of Revelation, Daniel, Ezekiel, Joel, the gospels, and the references to Yahweh's day in the old Testament. After everything becomes logical. It becomes like inserting the right pieces in a puzzle.

Specially the prophecies of Daniel worth to be well understood: the statue, the animals that represent the empires dangerous to the truth faith...

The legs of the statue from Daniel 2 seem to represent the Roman Empire: 2 iron legs, 2 roman empires: western Latin empire and Byzantium. The feet in iron and clay may also represent the restored Roman Empire. If the interpretation is correct, the feet didn't come yet and they shall be destroyed by ...the Messiah (!), which thus destroys completely the statue of the empires dangerous to the true faiths, the Jewish and Christian faiths.

Probably : 2 feet= restoration of the (evil) roman empire through a 10 country union(=10 toes), again with a Greek eastern part (based on Hellenic/Byzantine/Seleucid culture ) and a Latin western part.

If we cross this information with the animal's prophecies from Daniel and Revelation:

- lion = Babylon
- leopard/panther= Greece/Gentile Hellenism  
(Today the leopard is also a symbol of India)  
(the he-goat is also a symbol of ancient Greece)
- bear = Media-Persia/Iran  
(the bear is also a symbol of Russia)  
(the ram is also a symbol of ancient Persia)

- the terrible beast with 10 horns and 7 heads and iron teeth (Dan 7:7 + Dan 7,15-28, + Ap 13,1-10 + Ap 17, 8-18).= Roman Empire

The beast of Daniel 7 and Revelation 13 shall be the same and the explanations from Apocalypse 17 are accurate: the beast and the prostitute are references to the Roman Empire/gentile Rome. (Note: the book of Apocalypse was written on ~95 DC and the empire of the time was indeed Rome).

+ 10 horns= 10 kings (from 10 countries)

7 heads= 7 hills (from Rome)/7 kings(= 7 emperors)

Note: I think that the prophecies are lot more than pure abstraction and allegorical/figurative text.

## 2 A possible cause of the acceleration of the End of the World

### 2.1 The dangerous mistake of equality of genders within the marriage

#### 2.1.1 Introduction

In our time, the Occident has been obsessed about the equality of opportunities, equality of genders, etc.

Although the equality of the genders at work is not evil in it self, the statistics in the high developed countries, like the Scandinavian ones, show that when the women earn good, or as much as men, the rate of divorces increase.

The bible says nothing about the equality of genders at work. However concerning the equality of genders inside the marriage, the bible says (Col 3:18-19):

“ Wives, be subordinate to your husbands, as is proper in the Lord.

Husbands, love your wives, and avoid any bitterness toward them. “

Please refer also to Ephesians 5:21-33 for a detailed description of the ideal Christian behavior of the couple.

So: the Christian woman shall subordinate to her husband, and the husband shall love her. In no case, the couple shall find reasons, valid or not to divorce (behalf those accepted by the Vatican...).

Up to the 1960s, the situation was hypocrite inside the marriage because, the woman had no financial independency and she was

forced to subordinate to her husband. The husbands frequently also didn't love her wives.

After the 1960s the women becomes financially independent and earns some dignity. The society promotes the equality of the genders. The marriages became less hypocrite and the dependencies diminished. But: the number of divorces increased dramatically.

## 2.1.2 Consequences

1. With the explosive number of divorces, the families are destroyed. The divorce opens the doors to the immoralities:

- of the couple: remarriages, etc.
- of their children: their children are then in great danger, because they don't receive the required education and they don't live the complex of Oedipus, required for a healthy heterosexuality. They may be educated without living with the true father or the true mother etc. Step fathers are often marionettes and no use for education purposes. Consequence: they are easily exposed to all sorts of immoralities and parallel sexualities.

So, consequence of the explosive number of divorces, the immoralities also explode: remarriages, homosexualities, marital cohabitations, etc.

2. It may open the doors to the process of the End of the World

The Bible says that the End Times are as the times of Sodom: the immoralities shall spread everywhere.

Also the book of Revelation speaks of great sin.

## 2.1.3 What to do?

I take as example the first among the women, the Virgin Mary. She subordinated to the nature and to her husband. She ports always a veil to show his submission to the nature.

However that does not mean that she can not occupy high positions in the divine and diplomatic/work hierarchy. She has been very active appearing in Fatima, New York, Medjugorje etc.

So the dignity, independency and the capacities of the women are ok, only they shall be used according the divine purposes.

The great danger is thus to extend the equality of opportunities at work to the marriage. This mistake can lead easily to divorces: she finds valid reasons, pretexts, defaults in her man. Because she has the 'reason' and because there's 'equality of genders' inside the marriage, she divorces. And 'she has right'... No! We destroy the families and put the children in danger because of this mistake. The women deserve their financial independency, but they shall

return to the order of the nature!!! Like the Blessed Virgin Mary. No confusion between equality at work and inequality in the marriage!!!

Other evil possibility is that he becomes fed up of the marriage and of her exigencies...

The societies must be aware of the danger they are putting themselves...

Or: the immoralities explode up to a point that God allows the Apocalypse...

Now we have already 7 divorces over 10 marriages in countries like Belgium and Spain. Is this normal? And it happens in name of the equality of genders...

Note: the men shall also not divorce and support their wives. And they shall love her as their own body, tell us St Paul in Eph 5:21-33...

## 2.2 Case study: the veil

Concerning the veil:

1. It may symbolizes submission of women to men
2. It is a Muslim religious symbol, so the Muslim women that wear it may be proud of showing their religious identity
3. Every woman shall be free to wear what she wants to, even if this freedom means submission (contradiction?)
4. In some cases it causes the repulse of the non-Muslims, because it may be considered as not esthetic.
5. For Muslims, the veil may be considered as esthetic, that means, this problem has no sense in Muslim countries

Because it may be non esthetic and in some cases it does a very aggressive publicity for Islam, it is causing some troubles to the Europeans. Some try to forbid it in public places. These situations finish sometimes in Court. The confusion and contradictions are generalized: freedom, rivalry of cultures, racism, what to do? The results of the judges reveal this. Sometimes Muslim women win, others not.

In the Bible, in the Letter to the Corinthians I, 11,1:16. it appears the question of the veil! Surprisingly and against everything and everybody, **St. Paul not only is not against the veil but it even recommends it to the Christian women, at least at church!** THIS MEANS THAT IN SOME SENSE THE MUSLIM WOMEN ARE RIGHT AND THEY ARE TRYING TO GIVE US A LESSON THAT WE REFUSE TO UNDERSTAND. That is: the veil shall be a religious symbol,

not only for the Muslim women, but also for the Christian ones. The only point is: we have to do it more esthetic. Is there a solution for this? Yes, there is. The solution comes from the Virgin Mary. You may ask me "How?". Very simple: simple look for a photo of the blessed Virgin Mary: she always looks charming, she has a very good appearance, and she appears always with her head covered. That means: she always uses a veil, but a charming veil. Take as example this picture (Virgin of Medjugorje):

Very well cared, isn't it? Repulsive look? Not at all!

Please note that St. Paul mentions that the women that do not wear the veil may be attacked by the angels (I Cor 11:10) :

"for this reason a woman should have a sign of authority on her head, because of the angels."

The angels are attacking thus the western women, those who are not wearing the veil. How? Possibly increasing in them the feelings of proud, preparing them to crash the marriages and to be unsubordinated to their husbands, behaving against the order of the nature, and the order desired by God.

Please note Our Lady words in N. York, <http://www.tldm.org/directives/d46.htm> :

#### **WOMEN**

"My child, tell all to act as good example in My Son's House. Women must wear a head covering in the holy places and in prayer. It is not because of custom; it is because the angels demand proper deportment during the Holy Sacrifice."

- *Our Lady, May 29, 1976*

Conclusion:

6. In order to keep consistent to our democratic values, we, Europeans and Christians shall respect the culture of the others and the freedom of choice. That means: we shall accept that Muslim women wear veils
7. Not only Muslim women should wear the veils, the Christian women also. If we really clearly read what the Bible says, than we conclude, that the veil is also recommended to Christian women (!)
8. Only the veil shall change. Religious Christian women are invited to imitate the Virgin Mary in the question of the veil when they pray. That is, the less esthetic veils shall be

replaced for more esthetic ones. Also no need to cover the neck for the Christian women.

### 3 Alert: The World War III in the time of the Pope Benedict XVI?!

#### 3.1 Overview

The prophecy of the Popes of St. Malachy says this Pope is known as 'the glory of the Olive'.

In the version 'optimist' of this prophecy, there's still an indeterminate number of popes between Pope Benedict XVI and the last pope in the tribulations, Peter, the Roman. In this case the title 'the glory of the olive' means ... (?).

In the version 'pessimist' this is the last free pope. One possible big reason for the title 'the glory of the Olive' would be:

a World War III: the West against Islam (Muslim coalition where Egypt would play an important role) because of Israel (notably Palestine and Jerusalem). The West should be weakened but should still win this war *temporarily*. This victory should mean the temporary glory of Israel: **THE GLORY OF THE OLIVE (His Holiness, the Pope Benedict XVI)**.

However, there shall not be reasons for commemorations: *this war should mean the Beginning of the End*, opening the doors to the APOCALYPSE (!).

#### 3.2 Explanation

##### 3.2.1 The Glory of the Olive

The version 'pessimist' needs further explanation.

We take into account that Pope Benedict XVI is the last free Pope and, meaning thus that we are in the end times.

We take also into account the prophecies of Daniel, notably what is reserved for the King of the South and King of the North for the end times. I'm referring to Daniel 11:40-45 up to Daniel 12:1. This text follows:

" 40. At the appointed time the king of the south shall come to grips with him, but the king of the north shall overwhelm him with chariots and horsemen and a great fleet, passing through the countries like a flood.

41. He shall enter the glorious land and many shall fall, except Edom, Moab, and the chief part of Ammon, which shall escape from his power.

42. He shall extend his power over the countries, and not even the land of Egypt shall escape.

43. He shall control the riches of gold and silver and all the treasures of Egypt; Libya and Ethiopia shall be in his train.

44. When news from the east and the north terrifies him, he shall set out with great fury to slay and to doom many.

45. He shall pitch the tents of his royal pavilion between the sea and the glorious holy mountain, but he shall come to his end with none to help him.

## CHAPTER 12

1. At that time there shall arise Michael, the great prince, guardian of your people; It shall be a time unsurpassed in distress since nations began until that time. At that time your people shall escape, everyone who is found written in the book.”

**Context:** After the division of Greek empire of Alexander the Great, we use the terms:

- ‘Kingdom of the South’, to design the Greek kingdom of the South: the kingdom of the Ptolemies = present land of Egypt.
- ‘Kingdom of the North’, to design the Greek kingdom further North. Initially the kingdom of the Seleucids, it shall refer to the Greek lands of the present: Greece and/or Cyprus.

Let us thus see the prophecy:

" 40. At the appointed time the king of the south shall come to grips with him, but the king of the north shall overwhelm him with chariots and horsemen and a great fleet, passing through the countries like a flood.”

Thus, in the time of the end, Egypt shall make war against Greece and/or Cyprus. BUT: if this event happens in the near future, we have that:

Egypt belongs to the Muslim world

Greece (and/or Cyprus) belong to the EU and to the NATO.

This war may not be only a simple regional war between 2 countries, but it may be a war between 2 civilizations (!): Islam against West (!).

The reason of that war is not clear from the text of Daniel. We may assume that the cause may be Israel/Palestine/Jerusalem, being

the West pro Israel and the Muslims pro Palestine (You may also refer to the messages of the Virgin in to go further in detail about this possible cause <http://www.tldm.org/directives/d57.htm> and <http://www.tldm.org/directives/d59.htm> ).

Let us see now Daniel 11: 41-44

“41. He shall enter the glorious land and many shall fall, except Edom, Moab, and the chief part of Ammon, which shall escape from his power.

42. He shall extend his power over the countries, and not even the land of Egypt shall escape.

43. He shall control the riches of gold and silver and all the treasures of Egypt; Libya and Ethiopia shall be in his train.”

The king of Greece/Cyprus, let us say, the king of the West, shall be *temporarily* victorious: he shall be victorious over Egypt, Libya and Ethiopia/Sudan. He shall enter in Israel but the country of Jordan shall escape (Edom, Moab, Ammon).

Thus: a war between Islam and Occident, because of Palestine. The Occident protects Israel and wins temporarily. This victory meaning “the glory of Israel”, “the glory of the olive”. If this war takes place in time of His Holiness the Pope Benedict XVI is very clear to understand why he has the title “ the glory of the olive” in the prophecy of the popes.

### **3.2.2 The Beginning of the End: the Apocalypse**

Let us see now the verses 44 and 45:

“44. ***When news from the east and the north terrifies him, he shall set out with great fury to slay and to doom many.***

45. ***He shall pitch the tents of his royal pavilion between the sea and the glorious holy mountain, but he shall come to his end with none to help him.***”

The king of the North wins temporarily the war. He shall pitch the tents of his royal pavilion between the sea and the glorious holy mountain. I suppose the Chef of the West shall be established in a land like Cyprus, between the sea and Israel. He receives news from the north and the east which terrifies him. Which countries may be concerned?

may be Syria and Iran: it is not probable, because Syria and Iran are not strong enough to defeat the Occident

it may be CHINA with (or without) RUSSIA\*. They shall be strong enough to defeat the Occident, already weakened by a war against Islamic countries.

Although the Chef of the West shall set out with great fury, he shall finish with none to help him. He shall be defeated and nobody will help him !!! This means: final victory for China (and maybe Russia\*).

Daniel 12:1 tells us what happens next:

**“1. At that time there shall arise Michael, the great prince, guardian of your people; It shall be a time unsurpassed in distress since nations began until that time. At that time your people shall escape, everyone who is found written in the book.”**

It is the time where Michael, the great prince protects his people. Michael appears also in Rev 12:7. It should refer to the same event: the times of the Great Tribulation.

“It shall be a time unsurpassed in distress since nations began until that time”

This time is typically the time of the Great Tribulation, the 3,5 .. 7 years which shall precede the Glorious Return of Our Lord, Jesus Christ.

Thus, the Chinese victory shall have as consequence the Apocalypse:

Intervention in the Mediterranean (please refer to the locusts in the book of Joel chapters 1 and 2, which match with Rev 9)

the plagues of the Apocalypse (red horse: communist war, Rev chapter 9)

the fall of the Vatican (Benedict XVI as the last free pope in the prophecy of St. Malachy)

the rise of the empire of the antichrist, the Mediterranean union, the restored roman empire, please refer to the other prophecies of Daniel and the symbolism of Rev 13, being possibly the red dragon also a hidden symbol for the Chinese empire.

The 3.5..7 years of big Tribulation which precedes the Second Coming of Jesus Christ

### **3.2.3 Notes:**

1. In the time of the Great Tribulation, those who refuse worship the antichrist and his image and to have in their body the mark of the beast, thus becoming martyrs, shall resurrect after the Return of Jesus: they're become blessed and shall not die anymore (Rev 20:4-6)
2. \* - Russia. If Russia (Russia alone and not the whole world) is correctly consecrated to the immaculate heart of the Blessed Virgin Mary, through the Pope and all the

cardinals, as she insistently asks since 1917, we may have Russia as an ally of the Occident and not an ally of Islam or an ally of China. The Occident would become thus stronger, and the world may win some years of peace. Note, that otherwise, Russia may take the leadership of the coalition against the west, according to Our Lady...

3. By a document revealed by wikileaks, it is said that in 2009 Israel was preparing for a great scale war in the Middle East (the big one?). Maybe world war III doesn't happen soon, but the danger remains. According to Our Lady, the antichrist shall disturb Egypt in the given time, and Hamas is reigning in the Gaza stroke, just next to Egypt, where the big war shall start... better to use our weapons to try to delay the apocalypse, while we still have time...
4. What we can do?

The fall of the Occident shall be a consequence of the sin that becomes big in the whole world, also in the West.

We can not avoid these events to take place but we can delay them. We can:

- pray frequently (the rosary, if possible)
- make fast
- ask the Pope to consecrate properly Russia, Russia alone, to the immaculate heart of Mary.
- convert ourselves
- try to stop some mistakes of the Occident:
  - the mistake of equality of genders inside the marriage (please refer to St. Paul's letters), the cause of many divorces, deficient child education, and source of most of the immoralities
  - divorces
  - abortion
  - all sort of immoralities which are spreading with the complicity of the media
  - see also point 1.1 of this document...

## 4 China in the Bible ?

### 4.1 China in the Bible? Part I

In the book of Joel (Old Testament, small prophets), combined with Ap 9:1-12 (1<sup>st</sup> attack) and Ap 9:13-19 (2<sup>nd</sup> attack, a 200 million army), we can realize that an invasion of locusts takes place. They attack Israel.

In Joel 1,6 and Joel 2,2 we can read:

Joel 1,6: "For a people has invaded my land, **mighty and without number**"

Other details: they enter through the windows, things are burned and they attack the farms

Joel 2,2: " ... **a people numerous and mighty! Their like has not been from of old, nor will it be after them, even to the years of distant generations.**"

If my logic is correct: a very numerous and mighty people as it has never existed may well be China (or India).

Even if they are not the Chinese, or the Indians, they shall be a without number and unique people in history. The only good candidates since centuries are China (very well placed) and India (but India is split in several different peoples... Bengalis, Sikhs, Muslims, those that speak Hindi...). Since 90% of China population is formed by ethnic Chinese, and India is split (the biggest ethnic group, the Hindus, has about 400 millions persons), the ethnic Chinese are the best candidates. However, in the future, it may happen, that a people become more numerous than the Chinese.

Joel 2,6 tells that the peoples tremble towards the "locusts" army. In Joel 2, 10 I understand an "apocalyptic scenario": the earth trembles, the heavens shake..."

From Joel 2,20 I understand that they (the locusts) come from the north and they move away (from Palestine) to the eastern sea (his toward) and to the western sea (his rear toward). Israel shall no longer be humiliated by them.

I suppose that the «western sea» is the Mediterranean and the eastern sea, the Chinese/Japanese Sea. If my interpretation is correct, this moralizing invasion should even occupy the whole Eurasian continent (I mean the communists, either Chinese or Russians). If they don't do so, the Chinese (I mean: the people who represent the locusts) shall at least touch the Mediterranean sea. The other possibility, considering the eastern sea as the Dead Sea, would reduce the locusts to a local power close to Israel, which is not logical.

**Possible Chronologie:**

Pre apocalyptic scenario. China superpower, preceding the big (evil roman) massacre of the believers and the coming surprise of the Messiah, for the remaining persons.

## 4.2 China in the Bible? Part II

Still some possible references to China:

China was probably always the most numerous nation of the world, at least it is what show the statistics of the last 2000 years:

0 DC- 50 millions of persons are ethnic Chinese. The whole world has about 150-200 millions inhabitants

1300 DC.- 100 millions Chinese

1700 DC – 200 millions Chinese. The world has less than 1 billion persons. India has only 126 million inhabitants, a lot less than China.

2000 DC- 1.3 billion Chinese in a world population of 6 billions

Some statistics about Chinese and European population can be found in :

<http://www.theworldeconomy.org/histostats/histostats-table08-3.pdf>

<http://www.theworldeconomy.org/MaddisonTables/MaddisontableB-10.pdf>

Presently the ethnic Chinese are about 1.3 billion. The Hindis, Anglophones, and Hispanics follow with around 400 million speakers each. Thus, in the near future, no people can overcome the Chinese people.

These locusts climb the houses and enter through the windows, something original in the modern times...

China and the fire make me remember about the dragon/snake colored red fire of Apocalypse 11...For the moment, communist/red China is the empire of the red dragon...

## 4.3 China in the Bible? Part III

In the following of the previous messages over the grasshoppers (complete book of Joel and Revelation 9) I'm going to try to show how the invasion of grasshoppers can be dangerous and even prepare the great tribulation of the believers (Christian/Jewish).

If my interpretation is correct, that means:

- the grasshoppers are a very numerous and powerful people as it never existed (the Chinese???) No other

people can currently replace the Chinese people as the best candidate. Power is just a matter of time... Please note that, according to Jesus and Our Lady in New York (please refer to [www.tldm.org](http://www.tldm.org)), this invasion might be a coalition of Russian, Chinese and Japanese troops... which greatly facilitates the Chinese task of invasion...

- the grasshoppers army that conquers the Euro Asiatic continent from the eastern sea up to the western sea
- They have hair like that of women (long hair?), a possible reference of the "mode" of equality of genders and of feminism...

Then:

In the beginning this invasion is morally good in order to punish the corrupt west. But it can be very dangerous also because:

- Combined with the oriental religions (Buddhism) or new religions style "New age", can be misinterpreted and used in order to set in a non proper way the idea of the "illuminated Buddha":

after the purification process, persons can become so perfect that they even can become god(s)/Buddha's (instead of saints!!!!). The goal is to become a Buddha. Since Buddha is god... the goal is to become a god). Indeed, normally the goal is to become a saint... but in the west it can be easily misinterpreted...

(Normally after the purification process the "illuminated ones" should become saints or servers of God instead, recognizing their limitations in a humble way)

In the west, these ideas can be used perversely in order to prepare the rise of the Antichrist... Through Apocalypse 11, the red dragon fails its persecution against believers and so it decides to give the power to the (roman) beast, at the same time an emperor and an (Byzantine/Roman) empire formed by a union of 10 kings (horns). Hopefully these troubles shouldn't last too long and Jesus himself destroys the power of the dragon and the beasts.

In Rev 12, the dragon is clearly Satan and the women with a crown of 12 stars, the Virgin Mary and she is pregnant of a baby (Jesus) that will rule one day all the nations with an iron stick.

But the red dragon and the women are also projected to the earth (Rev 12,13-17), that means that they can also be nations/empires or ...something else (Yes, my interpretations may always be wrong...). In that sense, China is very well placed to represent the dragon (the dragon is the national symbol since the beginning of the Chinese nation) and for the women we have now maybe the

European Union\*, the church or Israel\*\*. In the future these symbols can of course change.

(Message of the Virgin of Medjugorje, Bosnia, for the XXI century: Baby Jesus!!!! He takes the cross for us, if we love Him... And it is the last time she appears on earth... before the Messianic kingdom (?))

\*\*Israel, it was divided in 12 tribes.

\*Europe/European Union is currently a good candidate because:

- the European flag has 12 stars
- it has the moon under her feet (Islam in the southern and eastern part of the Mediterranean)
- is brilliant and attractive like the sun
- Politically and military, it is a mess, so it is weak like a woman, compared to Russia, China or the USA...
- the spiritual power is currently in Vatican (it shall be transferred again to Jerusalem in the future, if I'm not wrong)

Although spiritually, UE is not strong: they give now relative little importance to the Christian ideas and even promote some wrong theories in name of the freedom and tolerance, it may change, and in many points, UE is brilliant and a source of peace, stability and prosperity.

...

The women shall be persecuted by the dragon and escapes to the desert. Possibly UE government can be expelled from Europe by the dragon in order to set a new-classical anti-Christian Greek/Roman empire... I hope that there shall be other candidates in the future (it doesn't have to occur in the near future).

What I say may be pure speculation and wrong, but it is logical and coherent.

That's why I think that is important to set a democratic government in China, with freedom of religion.

With some luck and a conversion of the peoples... maybe China will become democratic, even partially Christian and the tribulation times will be reported to the long future... A democratic (and/or Christian) China as superpower shall not cause so much fears, I think. Finally, the dragon and the numerous and powerful people don't have to be necessarily (present) China...

Neither the tribulation times have to occur in the near future... Only the conditions to set it are already there...

## 5 Possible symbolism of Rev 12: woman, eagle, dragon

1. In Rev 12,13 we have four symbols:

- a) Woman with 12 stars dressed like the sun and with the moon under her feet.  
It represents the Virgin Mary, the church, Israel and possibly a world power like the European Union. Please note that the European Union has the moon (African Islam) under her feet, and is very attractive (dressed like the sun), as described in Rev 12.
- b) Red dragon/snake - it represents the forces of the evil and maybe a world power like communist China. The red dragon (a sort of snake with feet) is a symbol for communist China. Please note that the Chinese dragon has only one head and the dragon of Rev has 7 heads and 10 horns. This can be explained because once the Vatican falls and the dragon gives the world power to the beast, it shall inherit the gentile symbolism of the beast: exactly the 7 heads and 10 horns.
- c) the great eagle - it represents maybe a world power like the USA, since the eagle is a symbol of the USA. Our Lady in N. York ([www.tldm.org](http://www.tldm.org)) tells us that the eagle represents also S. John, because he saw very deep, when writing the book of Revelation.
- d) the beast that comes from the sea – it represents the antichrist and at the same time his empire: the restored roman empire (a kind of Mediterranean Union of 10 kingdoms)

2. In Rev 12 and 13 we read that the dragon is expelled to the earth and there it persecutes the woman and the believers. She runs to the desert with the help of the great eagle.

3. in Rev 13,2 we read that the dragon gives his (world) power to the beast that comes from the sea.

If the 4th symbol, the beast, is a world power, then is very likely that the first 3 symbols may also be earth powers (empires).

Indeed we have presently:

- a) Woman = European Union (the woman is also a symbol, for the church, for Israel and for the virgin Mary).
- b) red dragon (it looks like a red snake with feet)= red (or communist) China

- c) big eagle = USA
- d) beast that comes from the sea = (restored) Greek-Latin roman empire and/or his king, the antichrist

In the future these symbols may of course change.

If these symbols mean the present world powers then:

- A woman world power with Islam (=the moon) under her feet (North Africa) with a crown of 12 stars (the symbol of UE) is brilliant like the sun. She shall produce something very, very good like baby Jesus.
- The dragon wants to get it/Him but he doesn't succeed. China gets angry and expels the UE institutions from Europe. In her place is placed the Mediterranean Union (restored Roman Empire) with gentile Rome as capital.
- USA (the great eagle) are not able any more to fight China (the red dragon/snake). They can only help the UE governments (the woman) to escape to the desert
- The dragon begins to persecute the Christians and decide to give the world power to the antichrist (the beast/roman emperor that shall come).  
(...)
- after about 3 1/2 years (or a short period of time) Jesus comes, defeats the beast and the Messianic age begins. All believers killed by the beast return back to life. Jesus and the saints judge the nations.

Of course, no chronology possible. It shall be at a time when Christianity and moral values shall be decadent and perished.

If the symbols don't represent the present world powers, of course this way of thinking is useless.

## 6 Possible explanation for the 'four horses of the Apocalypse'

I take into account the four horses, the seals and the trumpets as parallel events. I assume that these events may happen in the near future, thus the pessimist theory of the prophecy of the popes (St. Malachy). Of course, if these conditions are not valid, this explanation shall not be valid.

The comments over the four horses appear in Rev 6.

### 6.1 The white horse

The text over the white horse (Rev 6,2) follows:

**"I looked, and there was a white horse, and its rider had a bow. [3](#) He was given a crown, and he rode forth victorious to further his victories."**

If Benedict XVI is the last free pope, the white horse may refer to the United States. Some of their goals are good and they're able to win some wars. It may be the present time !!!!

### 6.2 The red horse

The red horse means "war". In Rev 6,4 we read:

**"Another horse came out, a red one. Its rider was given power to take peace away from the earth, so that people would slaughter one another. And he was given a huge sword."**

It may describe the wars of the end time, the wars of Egypt against the west (Dan 11:40-12:1) plus the military intervention of a power like China (also described in the book of Joel chapters 1 and 2).

### 6.3 The black horse

Rev 6:5-6 describes:

**'When he broke open the third seal, I heard the third living creature cry out, "Come forward." I looked, and there was a black horse, [5](#) and its rider held a scale in his hand.**

**I heard what seemed to be a voice in the midst of the four living creatures. It said, "A ration of wheat costs a day's pay, [6](#) and three rations of barley cost a day's pay. But do not damage the olive oil or the wine."**

The black horse means hungry. After the 'Chinese' intervention the book of Joel refers to famines. I understand the black horse in this context (Joel 1:1-20 and Joel 2:1-3).

## 6.4 The green horse

The green horse means 'death', as says Rev 6:7:

**“I looked, and there was a pale green [Z](#) horse. Its rider was named Death, and Hades accompanied him. They were given authority over a quarter of the earth, to kill with sword, famine, and plague, and by means of the beasts of the earth.”**

Death is a logical consequence of the calamities that preceded.

## 7 The war of Gog, king of Magog

I've done a research about, Gog, king of Magog, which is mentioned in Ap 20,7-10 and in Ezekiel, chapters 38 and 39.

### 7.1 Who is Gog in the Bible?

Gog is the king of Magog, Prince chef of Meshech and Tubal (see Ez38 and Ez39). It seems that Gog, king of Magog = Gog, king of the West... please refer to the following sections...

He assembles many countries to make war against Israel (Persia, Cush, home of Gomer, etc.)

### 7.2 Who are Magog, Meshech and Tubal?

They are the sons of Japheth, the son of Noah (biblical genealogy after the flood, Gen 10,2).

- The descendents of Magog live in the North even in the extreme North in the time of the war (Ez 39,2).

- Tubal: it seems that their descendents were known as Tabal by ancient Assyria. From eastern Anatolia they migrated afterwards to the Caucasus and Spain. They were then known as the Iberians.

Tubal= Spaniards and Portuguese (!)

Or... Caucasian Georgians, Chechens,... (!)

- Meshech: it seems that their descendents were the ancient Phrygians. The Phrygians and Lydians from western Anatolia migrated to central Italy and became known as the Etruscans.

Meshech = Italians (!)

### 7.3 Who are the allies of Gog in this war?

Persia

Kush (Sudan/Ethiopia)

Put (Libya or Somali land)

house of Togarmah (they live also in extreme north)

all the house of Gomer (his son, Askhenaz seems to be the father of the Germans)

Meshech

Tubal

...

## 7.4 Who are the allies of Israel in this war?

They're (see Ez 38,13):

Dedan - north west Saudi Arabia

Tarshish – Andalusia (region of Seville) , in southwestern Spain. Note that, because they're strongly mixed with the remaining Spaniards (and Portuguese?), they could presently control some regions of Latin America, together with the Iberian, the Tubal of the bible... please note that at the moment of the war of Gog, Tubal and Tarshish take opposite sides, so a split of Spain and Latin America might be possible at that moment....

Sheba - Yemen

## 7.5 Where can we find the name Gog presently?

In the west, in the Germanic and Anglo-Saxon countries. The name 'Gog' is unknown in Russia (tartar and Slavic branches). However if you search the surnames 'Gog' in the yellow/white pages from Germany or North America, for ex. in [www.yellowpages.com](http://www.yellowpages.com), you'll find them. In North America you'll find a lot of them!!!! In Nederland was killed a famous Van Gogh... 'Gogh' being a possible Dutch variant for 'Gog' ...

It may happen that the Gog of Ap20 and Ez38 may be a descendent of one of those 'Gogs'... in that case Magog represents probably the Germanic and Anglo-Saxon countries.

Gog, king of Magog, may well become, Gog, king of northern Europe and/or north America.

## 7.6 Chronology

- a. present Christian age
- b. restored roman empire Greek and Latin + red dragon (Chinese power?)
- c. return of Jesus: 1000\* years of messianic age. Peace and prosperity. Ap 20,2-5.
- d. Gog, king of Magog attacks Jerusalem Ap 20,7-9, Ez38 and 39**
- e. Final judgment and Paradise on Earth

\* Note that the 1000 years are not necessarily 1000 literal years, according to the church and the Virgin Mary, through [www.apparitionsmariales.org](http://www.apparitionsmariales.org) . They're a long period, but probably less than 1000 literal years

## 7.7 Why Gog, king of Magog decides to attack Israel?

1. Jealousy: During 1000 years, Israel becomes very, very rich (notably the temple in Jerusalem), so Gog decides to pillage the Israelis (Ez38,12)
2. Abuse of power. The Jews and maybe the whole world commit sins and abominations again and Yahweh allows this war (Ez39,26).
3. The reign of Jesus and the saints finishes when the 1000 years are over.

## 7.8 Why shall the war from Ap20 and Ez38-39 be the same war?

1. Because both refer to Gog and Magog. Unless they were two kings 'Gog' to represent each war. But other elements seem to appoint to the same event: Jews have already returned to Israel, lived a long period of peace in cities without walls (Ez38,8 and Ez38,11). It matches perfectly with Ap20,7, after the 1000 years of peace under Messianic rule.
2. Ez39,29 says that is the last time that God hide His Face from Israel. That only happens after Ap20 , when wars no longer shall appear.

## 7.9 Is Magog always a symbol of 'evil'?

Not necessarily. Although symbolically for the church, it represents a symbol of evil, it is only mentioned as a threat in Rev 20, before the final judgment. Until then and even in the beginning of the war of Gog, Magog may be a tool of Yahweh. If Magog represent the Germanic of Northern Europe and/or North America, we may see that presently they are allies of Israel. History is always changing. Nations can be evil now and good afterwards and so on...

## 7.10 Satan seduces the nations of the 4 corners of the world

Rev 20:8 says **"He will go out to deceive the nations at the four corners of the earth, Gog and Magog, to gather them for battle; their number is like the sand of the sea"**.

The nations of the 4 corners of the world, under the leadership, go into war against the saints which rule in Jerusalem, Israel. But what means the "4 corners of the world"?

Although the Earth is round, when we try to represent it into paper, it has indeed 4 corners:

- 2 corners in the extreme Occident, Alaska in the North (USA), and Tierra del Fuego in the South (Chili/Argentina)
- 2 corners in the extreme Orient, Eastern Siberia in the North (Russia) and New Zealand in the South

If we suppose that Tubal represent the Hispanics (descendents of the Iberians) and Magog the Anglo Saxons /Germanics, than we have:

- Alaska and New Zealand are under control of Magog
- Terra del Fuego is under control of Tubal and Magog (because they're Germanics living there)
- Since Eastern Siberia shall also be involved in this war as ally of Gog, we suppose that the Russians also participate in this war as allies of Gog. More: they shall be the Bet-Togarmah of the Bible, which lives like Magog in the extreme north

In practice this means that practically all present Christian nations go into war against Israel and the saints in the end of the history. Thus: all America (Anglo Saxons and Latin Americans), almost all Europe (at least Spain, Italy, UK, Germany and Russia), north of Asia (Russia), Australia and New Zealand. And of course: Iran, Libya and Ethiopia/Sudan/Eritrea (Cush of the Bible).

## 7.11 Identification of some of the Gog troops

Gog, the king of Magog- It seems that Gog has a Germanic/ Anglo-Saxon origin. Why? Simply search the name Gog in the north-American white pages or in the Germanic white pages. You'll find some surnames with the name Gog. In the Canadian yellow pages you'll find plenty of them. Remember also Van **Gogh**, the murdered Dutch cineaste...

It seems on the other hand that no Gog exists in the Russian side of the extreme north, which excludes a Russian/Tartar origin of Mr. Gog.

Magog- in extreme north, they're good in the arc- Scythians? If Gog is a Germanic, than Magog shall be North America or the Nordics/Germanics/ Anglo-Saxons in Europe.

Meshech - Moscow for me is excluded because up to 1000 DC it did not exist

Probably ancient Phrygia (the arc warriors) or the Thracians mixed with Phrygians, in western Turkey, and afterwards, also the Etruscans in Central Italy. The Phrygians are good candidates because they were very good in the use of the arc and they did trade of slaves and bronze with the Phoenicians (Ez 27,13). It may also include eastern Balkans. After the defeat of the Phrygians by the Cimmerians, they may also represent the Etruscans in northern and central Italy. It seems that the Etruscans from Italy descend from the peoples that lived in western Anatolia( Lydian that annexed the rest of the Phrygian kingdom).

Tubal- Tobolsk in Russia/Siberia for me is excluded because it didn't exist yet.

probably ancient Tabal, which lived in central/eastern Turkey, it may well be the Iberians, that moved afterwards to Spain and to the Caucasus. Presently Georgia is an independent country with an Iberian -Caucasian non-Indo-European language. Also north Caucasian and Azeri Muslim peoples seem to be of Iberian origin. On the other hand, Spain, Portugal and the Latino American countries can be considered as the descendents of the western Iberians.

Tubal did commerce of slaves and hard metals with the Phoenicians (Ez 27,13)

Gomer, his brother - Cimmerians(?)

sons of Gomer: Ashkenazi (Germans? Scythians?), Riphath, Togarmah

Togarmah (in extreme north, like Magog). They did trade of horses and horseman with Phoenicia (Ez 27,14). The best steppe warriors were the Scythians, so I suppose Togarmah was also located in extreme north Scythia

If Ashkenazi refers to the Germans like Hebraic language suggests, than his linguistic brothers shall be the Slavs and the Celts. Since the Slavs (Russians) also occupy the extreme north, Togarmah may well represent the Slavs.

The extreme north today is occupied by:

- Indo-Europeans:
  - o Germans (Scandinavians, French and Anglo-Saxons included)
  - o Slavs (mainly Russians)

- Ural-Altaic peoples (Finns, Eskimo's, Tartars/Mongols...). Only Finland is independent. The other are under Germanic/Russian domination

The Scythes and Cimmerians although indo-Europeans (Persian/Germanic/Slav languages) they were in contact regular with the Turkish speaking peoples (Ural-Altaic). We had since the beginning Germans/Celts in the west, slaves in Poland/Belarus/north Ukraine, Turkish speaking peoples in north east.

In ancient Ukraine the 3 groups should have lived together, after the depart from Babel. In the north part of Scythia may be the Slavs, in the eastern part the Turkish speaking peoples, in the west the German speaking peoples.

Javan was the father of the Greeks (sons Hellas and Rodanim) and of many other north Mediterranean people's (possibly also the Romans, with his son Kittim, and Tarshish, who went to the region of Seville). Madai was the father from the Medes (the Kurds, but maybe also from Persia and India), Tyras maybe from the Traces (thyraes) or the Albanians.

But Gog shall have as allies Beth Togarmah (Slavs/Armenians and partially the Turkish/Ural Altaic peoples?) and Gomer (other Germanic/Celtic peoples). The most probable is that all extreme north be under control of Gog (even the Ural-Altaic peoples from extreme north are now already under Germanic or Slav control).

Gog is also the prince of Tubal and Meschech (maybe ancient Turkey or present Italy, Spain and/or Iberian-Caucasian peoples). He seems, thus, to be the king of a Nordic power and prince of the European Latin nations (Italy, part of Spain and Portugal, eventually Turkey and some Latin-Americans).

Honestly, this attack seems to be a US coalition (sorry for this...).

## 7.12 Theory about the table of Nations

A theory to be verified:

After the flood, Noah had three sons: Shem, Ham and Japheth.

1. Shem shall be the father of the Semitic people's. Today they're identified as the Jewish and Arab peoples.
2. Ham shall be the father of the colored races plus the Lebanese (Phoenicians). There are thus some descendents of Ham which belong to the white race
3. Japheth shall be the father of the Indo-European peoples which are spread all over the world.

The descendants of Ham: Cush, Mizraim, Put, and Canaan

The descendants of Cush shall correspond to the dark skinned colored peoples living in Africa and India/Pakistan. They're spread up to Australia. They're also the father of the peoples living in western Arabia (Sheba and Dedan).

The descendants of Mizraim spread over North Africa and they mainly represent (ancient) Egypt

The descendants of Put shall represent the (ancient) Libyans

The descendants of Canaan represent not only the (ancient) Lebanese but also the yellow colored peoples(!). Indeed, the yellow colored peoples shall descend from the Sinite, son of Canaan.

The descendants of Japheth: Gomer, Magog, Madai, Javan, Tubal, Meshech, and Tiras

The descendants of Gomer and Magog shall correspond mainly to the Slavic (from Gomer only), Germanic, Celtic and Anglo Saxon peoples of today.

The descendants of Tubal, Meshech, Javan and Tiras shall correspond mainly to the peoples spread over the northern margin of the Mediterranean (and now spread all over the world, after the European colonization)

The descendants of Madai shall correspond to the peoples living from eastern Turkey up to India.

## 7.13 The war of Ezekiel and the glorious future of Israel

In Ezekiel chap. 38, verse 8-10. (over the war of Gog\* and Magog):

**"(8) After many days you\* will be mustered (in the last years you will come) against a nation which has survived the sword, which has been assembled from many peoples (on the mountains of Israel which were long a ruin), which has been brought forth from among the peoples and all of whom now dwell in security. (9) You shall come up like a sudden storm, advancing like a cloud to cover the earth, you and all your troops and the many peoples with you. "**

**« (10) ...and you shall devise an evil scheme: 'I will go up against a land of open villages and attack the peaceful people who are living in security, all of them living without walls,...' »**

\*- Gog, king of Magog : Magog, grand son of Noah and Togarmah, occupy the recesses of the north (Ez 38 et 39). Togarmah is the son of Gomer. Gomer is brother from Magog and has 3 sons : Askenaz, Riphath et Togarmah.

If I do a chronological study of the descriptions of this war:

1) "mountains of Israel which were long a ruin"

Maybe from 135 DC up to 1948 ??? I am not able to precise dates. Anyhow in that period there were not many Jews there.

2a) a nation (...) which has been assembled from many peoples (on the mountains of Israel...)

No doubt, the Israelis. So, I suppose 1890s... future...

2b) "...nation which has survived the sword.."

Israel lives in war since 1939 at least... The times before 1939 were also not brilliant for the Jews... I think it is now the time of the sword, thus, 1939 – future...

3) "...the peaceful people (Jews) are living in security, all of them living without walls..."

Since the walls were a powerful protection up to the XV<sup>th</sup> century\*\* and the Jews returned to Palestine after the XIX century, this expression refers clearly to the future: the walls shall be removed before Gog attack the Jews in Palestine.

4) "After many days you will be mustered (in the last years you will come) against a nation (i.e. Israel)"

If I understood it correctly, the pacific period will be interrupted by the Gog's attack

(Ez 38 and 39: Gog looses the war, Israel buries the dead during 7 months. The weapons are used as combustible/energy during 7 years)

Thus, if I'm correct, Ez 38,8-10 makes a summary of the history of Israel in the past (dispersion among the nations) and in the future:

1) return from the dispersed ones to the Holy Land + period of war (sword) : past + present time

2) peaceful period, security and absence of walls: future

3) after many years the Gog/Magog's invasion and their defeat: far future

\* - 'you' refers to Gog, king of Magog

\*\* - The Ottoman Turks, with the conquest of Constantinople, finished with the myth of the protecting walls.

## 8 More comments over the prophecies

I'd like to make some comments over the biblical prophecies. I may also be wrong in my interpretations (mistakes are always possible). Some references:

### 8.1 Book of Daniel: End of this age is performed by the Romans or by the Greeks???

Prophecies concerning the empires dangerous to Jewish /Christian faith:

#### **Daniel 2. The statue. power in the end of the age: Rome**

1. Head: Babylon
2. Chest: Media-Persia (The empire of the Medes- without the Persians- was not dangerous to the Jewish faith). The two arms are likely to be: Media and Persia.
3. Belly: Greece (split in four kingdoms afterwards)
- 4a. Legs: roman Empire. It is undeniable that Rome was an empire dangerous to the faith and the beast of Daniel seems to be the same of that of Apocalypse 13.
  - 2 legs: Two roman empires:
    - Western and Latin
    - Eastern Greek

4b. 2 feet with 10 toes (= 10 kings that give her power to the beast Ap 17,12):

- foot 1: western Latin empire: it shall contain 5 nations/kings
- foot 2: eastern Greek empire (Byzantium): it shall contain also 5 nations/kings.

#### **Daniel 7: 4 animals. Power in the end of the age: Rome**

1. Lion: Babylon
2. Bear: Media-Persia
3. Leopard: Greece (the conquests of Alexander were fast as the race of a leopard)
4. The terrible beast identical to Ap 13; Ap 17,8-18 says it is the Roman empire/emperor. It has 10 horns. It has also one little horn (the Antichrist is quite probable) that grows a lot and removes three of the ten initial horns.

#### **Chapter 8: he-goat and the ram. Power in the end of the age: Greece**

1. he-goat: Greece

## 2. Ram: Persia

It refers the splitting of the Greek empire in four weaker kingdoms (4 horns). In the end of the Greek power (end times), a small (Greek) king/horn (antichrist probably) will rise in power and shall attack the people of the saints, Dan 8, 23-27. It will be destroyed without human intervention (like the statue by the Messiah).

Although Antiochus Epiphanes, king of Seleucids, from the kingdom of the North, might have fulfilled a part of the prophecy, I think this scene is still to be completely fulfilled in the time of the Antichrist. The end of the Daniel prophecies concerning the end of this age have many common elements.

If the Antichrist comes from a small little country like Cyprus to take the leadership of the Mediterranean union/Roman Empire, than the prophecy of the he-goat for the end times becomes logical.

### **Daniel 9. 70 weeks prophecy. Power in the end of the age: Rome**

Dan 9,26- Elimination of a Just. Destruction of the temple (and of the city) seems to be fulfilled with Rome (after 69 AD).

Dan 26, 27 seem to refer again to the (roman) antichrist of the end of this age (one week mentioned as 2 x 3.5 years, compare to Ap 11,3, Ap 12,14, Dan 7,25, etc.)

3.5 years= 42 months, 1260 days, time, times and half of a time, etc...

### **Dan 11,12: Kingdom of North x Kingdom of the South : Power in the end of the age: Greece /Seleucids**

Chapter 11 identifies the 2 most important kingdoms that succeeded to the Greek empire of Alexander, the great:

- the kingdom of the North, the Seleucids, a Greek Asian kingdom. It was based in Mediterranean Turkey, Syria. It included also Persia, in the beginning, and Palestine and Mesopotamia.
- the kingdom of the South, the Ptolemies, a Greek kingdom based on Egypt. The first abomination of the desolation story is also related (Antiochus Epiphanes, king of Seleucids, a sort of antichrist).

Dan 11,40-45 and Dan 12 refer to the end times (end of this age).

Here I understand that the king of the south (king of Egypt, Ptolemies) will fight the king of the north (king of Seleucids). It seems to be again Antiochus Epiphanes (does he returns back to life?) or another Greek/Seleucid king/chief.

He defeats Egypt, Libya and Cush and attacks Israel. Jordan (=Amon + Edom+ Moab) shall remain in security.

News from north and east shall perturb him. This will be probably:

- the locusts/kings of the east: China (with or without Russia) as a very good candidate

He will be destroyed without human intervention. These are the times of the new desolation of abomination and protection of Michael: Ap12,7, Mat 24,21).

### **Combining Greece and Rome**

Although the experts agree mainly about the return of an anti-Christian roman empire, the prophecies of Daniel concerning the end of this age may cause some confusion.

1. The end of the prophecies chapters 2 (statue), 7 (4 animals), 8 (Greece and Persia), 9 (70 weeks) seems to refer to same event: the tribulation before the messianic kingdom.  
Please note the prophecy of chapter 11 (King of the North: king of the Greek rests) shall refer to the war which precedes the great tribulation.
2. The powers concerned change although the events seem to be the same (antichrist times):
  - chapter 2, 7, 9 - Roman empire
  - chapter 8 - Greece

How can we combine Roman Empire with Greece?

The final Roman Empire shall be constituted of 2 sets of 5 kings/kingdoms.

The Roman Empire was constituted of 2 parts: a Latin (in the west) and a Greek (in the east).

Here we see that a Roman empire may also be a Greek empire. Byzantium, the Greek part lasted up to 1453. It covered in the beginning the Middle East, Balkans, Egypt and Turkey.

Through chapters 8 (and 11), I deduce that the Greeks still play an important role. If we exclude Persia, Byzantium covered in Asia most of the geographical area of the Seleucids.

Since the Roman Empire is also a Greek empire, a return of Greek influence may be expected.

The antichrist, may even be a Greek\* king of the Roman empire and at the same time a Roman emperor.

\* - king of Greek origin or Greek culture from a very small country like Cyprus

We shall still add the very small kingdom where the antichrist comes from, initially a small horn/kingdom that grows south and east in direction of Palestine. South Turkey, Greece, Cyprus are good candidates for the initial focus of this kingdom, since it attacks Egypt and Palestine.

However, according to Our Lady, the antichrist is son of a bishop and of a nun of Jewish origin and for a time he tries even to become a very good Christian. He shall thus be an ex-catholic, which make think that he may come also from Western/Iberian/ Latin Europe... or a Latin Catholic living in Cyprus?

## 8.2 Prophecies of Joel seem to refer to China in Joel 1,6 and Joel 2,2.

They could match perfectly the two invasions of Rev 9 (first- locusts but no fire yet, second- the 200 million invasion this time burning with fire; many features in both invasions seem to be with little changes).

The red/color of fire dragon of Rev 12 is Satan but it may also be a government of a big power. The best candidate for the empire of the dragon, with a red government, where the dragon is a good symbol and looks like a snake is currently... China. However it may also be a moral power in a decadent and immoral west... The locusts of Joel use fire to attack and belong to a very, very numerous and powerful people... and also dominate east sea (possibly Japan's sea...).

(to mention dragon as a nation I use only nation symbols. In this sense, USA or Germany use as symbols, the eagle, France, the hen, Russia, the bear, sometimes an eagle also, India the leopard, etc. I have no logical reason)

## 8.3 Possible parallelism of seals, trumpets and dragon symbolism

seals 1->6 (ends with sun black = begin of the beast big tribulation times)

and

trumpets 1->6 (ends with the 3.5 years of warning and 3.5 years of beast and tribulation)

and

women/dragon/beast symbolism (1260 days also referred)

seem to go in parallel.

The reason for this is that the tribulation signs (sun black, 2 x 3.5 years are referred at the end of both the seals and the trumpets, and are designed to refer the tribulations times). Thus they can be used to determine this events and what happens simultaneously during this periods. Terrible tribulation with sun black and 3.5 years seem to occur only once in history (repetition events shall in principle be removed here).

I'm open to suggestions, comments and corrections. Please note that the reign of the antichrist and the tribulation period can last more than 3.5 years (or 7 years total period), because the Virgin Mary said in New York, [www.tldm.org](http://www.tldm.org), that the period of "time, times and half time" is counted in heaven time and not necessarily 3.5 years (one year, two years and half year)... an open point thus, the question of the time in the apocalyptic period. Anyhow, it shall not be very long (not several centuries, I think)...

## 8.4 Why is called Apocalypse "the end of the world"?

Because the Apocalypse, specially the first eschatological fight is indeed an "end of a world" (not the end of the world). Let us see:

With the catastrophes and attacks of the grasshoppers we learn that:

- 1/4 of the mankind dies in Ap 6:7
- 1/3 of the mankind dies in Ap 9:18

That makes already at least half of the population of the world dead!

After: the beast appears. The believers shall be proofed and suffer under the 3 1/2 years of domination of the beast. Those who choose God shall be persecuted or die as martyrs during these period. The rest of the world chooses the beast/antichrist and live better during this period.

After: Jesus comes, triumphs over the antichrist: it's the day of the revenge of God of the Old Testament. The dark day where those who followed the antichrist are destroyed.

Thus: a real cleansing, a world finishes. Shall survive only some believers, among them the remaining Jews that shall finally accept Jesus as their Messiah.

But: it begins a better world: the Millennium (Ap 20:1,6), where the sin still exists but has no power anymore. A period of 1000 years where the martyrs victims of the beast shall resurrect and Jesus and the saints/martyrs shall rule the world (Ap 2:26,27 + Ap 19:15, mention to rule the world with an iron stick).

After: is the Gog/Magog war, the final judgment and the paradise on earth (Ap 20:7+).

## 8.5 The picture of the divine Mercy as opposite of the image of the beast

The picture of Jesus paint by Saint Faustina ([http://www.faustina.ch/index\\_en.htm](http://www.faustina.ch/index_en.htm)) gives salvation\* for those who honor with full trust Jesus regarding to the picture.

In opposition those who worship the image of the beast shall go to hell (Ap 14,11).

\*-access to purgatory or even to paradise

## 8.6 The temple of Jerusalem can be rebuilt in order to be profaned

Mat 24,15: **“When you see the desolating abomination [10](#) spoken of through Daniel the prophet standing in the holy place (let the reader understand),...”**

If we interpret the “desolating abomination” as the beast/antichrist/roman emperor and the “holy place” as the temple of Jerusalem, which will mean:

- The temple shall be rebuilt in order to be profaned by the abomination. In the place of the temple are today the big mosque of Jerusalem and the lamentation wall (the remaining of the ancient temple). Rebuilding the temple means demolish the mosque which shall provoke the cholera of the Muslims...

Conclusion: according to this interpretation, at least in the beginning, the act of rebuilding the temple shall have some negative consequences.

Other possibility is that the holy may be Rome, the Vatican...

Anyhow, by the time Jesus and His Saints rule the world, after the defeat of the antichrist, the Jewish temple should be rebuilt in order to receive the riches of the world, being one of the reasons of the jealousy of Gog to start the war of Gog/Magog...

## 8.7 The beast that existed once, it exists no longer and yet it will come again

Revelation 17:8 speaks over the beast that existed once, it exists no longer and yet it will come again (by the year 90 DC, when the book of Revelation was written). The text follows:

Rev 17:8 **“The beast that you saw existed once but now exists no longer. It will come up from the abyss and is headed for destruction. The inhabitants of the earth whose names have not been written in the book of life from the foundation of the world shall be amazed when they see the beast, because it existed once but exists no longer, and yet it will come again.”**

Let us thus interpret the sense of this sentence: the beast of Daniel and Revelation is at the same time the Roman Empire and its emperor, the antichrist.

Taking the beast as the Roman Empire we can see that: The Roman Empire existed once, from foundation of Rome at 753 BC up to the fall of Constantinople at 1453 DC. However the beast Roman Empire shall still reappear as a form of a Mediterranean union by the time of the antichrist (end times).

Taking the beast as the antichrist, we can interpret the sentence as: The antichrist existed once, it exists no longer and yet it will come back again. That means that the antichrist can die and resurrect\*, like Jesus.

“The beast will come up from the abyss and is headed for the destruction”. This means that the beast as the antichrist (and its Roman empire) will finally be destroyed.

\* the antichrist could resurrect once, like Jesus. But only temporarily before his final destruction by Jesus

## 8.8 Possible explanations for ‘666’

666 is the number of the beast.

Possibility 1: 6 is the symbol of imperfection, in opposition to ‘7’, the symbol of perfection, 3 times like the three persons of the Holy Trinity. 666, 3 times, like the false trinity: the dragon/satan, the antichrist and the false prophet (a satanic non elected pope? Muhammad?) . But rely rather in the following answers, normally given by Jesus and Mary.

Answer 2: through a private message of Jesus, in the web site [www.apparitionsmariales.org](http://www.apparitionsmariales.org) , it is said that the perfect number is “3”, 3 times for the 3 persons of the Trinity, thus 333 represents God. Satan tries to become 2 times “greater”, thus 666.

Answer 3: Our Lady in New York, ([www.tldm.org](http://www.tldm.org)), refers that ‘666’ simply refers to the forces of the evil. She says that ‘6’ stands for the 6 great demons that should come, ‘6’ for the 6 days of (great) suffering and ‘6” for the 6 (demons) that shall be vanquished.

Please see also the related section “the mark of the beast”

## 8.9 The mark of the beast

According to the French web site [www.apparitionsmariales.org](http://www.apparitionsmariales.org), Jesus tell us through a private message that the mark of the antichrist shall be a microchip. It seems logical: without the microchip in the hand or in the forehead nobody can sell or buy. This kind of technology exists already... (!) It should be also an (evil) solution to the terrorism (ex. possible geographic control by GPS), with everybody controlled and thus loosing the liberty. Is this what the fight against terrorism is us leading to??? We must absolutely not permit the microchip implantation on our body: those who have the mark of the beast are condemned to hell... it is better to dye and become a saint martyr... the microchip has also the power of mind control...once with it in the body, like a drug, it is practically impossible to resist to the antichrist...

## 8.10 The Great Warning

According to the French web site [www.apparitionsmariales.org](http://www.apparitionsmariales.org), Jesus tell us through private messages about the Great Warning. It shall precede the world rising of the Antichrist. Those who are not in state of grace permanently shall seriously consider departing to a divine refuge one week after the warning, the time to book the trip and to try to evangelize some familiars. The Great Warning shall come unexpectedly (soon?), between September and March at noon, French time. Very intense, it shall last about 20 minutes...

External signs:

1. Initially is quite dark at noon (time of France); the comet with a queue brilliant like another sun, come too close of the earth. It causes volcanic eruptions and earth quakes and rests of the comet might fall over the earth's surface. Really frightening, may cause heart attacks, consequence of the panic...
2. Everybody sees a brilliant cross on the sky, Our Blessed Mother crying and Jesus on the cross. From the cross fall blood droops, caused by our sins. The drops collide afterwards against the sun...
3. revolution in Rome and the holy father shall escape to another land (refer also to [www.tldm.org](http://www.tldm.org) on this subject)

Internal Signs:

a private judgment happens to everybody, outside the space and the time lines. The souls quit the bodies and Jesus shows our sins and what happens if we don't repent. It is the best time to try to evangelize our familiars or friends: they can't deny the events... and some people even repent after the warning...

Because the Warning coincides with the ascension of the antichrist, it is the time to cut with all media (tv, computer), in order to avoid the strong seductions of the antichrist. Indeed, it is the time to ask help to the guardian angel and to depart to a divine refuge...

## 8.11 Divine Refuges

Sources: [www.apparitionsmariales.org](http://www.apparitionsmariales.org), in French

Those who are in state of grace (without mortal sins, after confession) permanently, accomplishing the will of the Lord and the 10 commandments, have nothing to fear. They shall be kidnapped by Jesus and His angels and go to a paradisiacal place, escaping thus the end time tribulations. The press speaks about people kidnapped by "Extra terrestrials". Normally Satan shall profit to simulate UFO's effects in order to camouflage the event...

At the time of the Great Warning, we, the normal believers (sinners), we have only a very few weeks to flee to a refuge. Consider departing at the

first week. To depart where? Simply ask to Jesus or the guardian angel, in thinking, for a refuge and wait their answer... By the time of the new schism of the Catholic Church or the martial law, we shall DEPART IMMEDIATELY, otherwise within the 2 weeks we're caught by the antichrist forces...

It is recommended to depart only with a rucksack, and not with many things: maybe a holy bible and a rosary, food for the trip, cutlery, a plate, a glass, eventually a sleeping bag. The refuges might not be comfortable, but the angels nourish us during the time (a few years?) of the tribulations.

Remember the gospels:

- 1) those who don't quit everything because of Jesus, are not worth of Him (at the time of the refuges, this sentence has all its sense).
- 2) Those with the mark of the beast at the hand, the microchip, have no other solution than to cut the hand and risk martyrdom in order to be saved: if a member of your body is a cause of sin, better to remove it and in this way avoid hell... if they're able to do it, because with the chip in the body, people have no self control anymore...

## 8.12A new schism of the Catholic Church

According to Our Lady and Jesus in New York, <http://www.tldm.org/directives/d163.htm>, and in the French web site <http://www.apparitionsmariales.org>, there will be a last schism in the Catholic Church, which it will be a sign that the End is there and precedes the fall of the Vatican by the communist forces. From the prophecies of St. Malachy, we know that the last legitimate pope is Petrus Romanus, who leads the church during the tribulations. What to do? Even better than to follow the last true pope, Peter, the Roman, is to ask immediately help to God and to our guardian angel at the time of this new schism and depart immediately to the refuge they mention; otherwise we risk seriously to enter to the paradise only through martyrdom...

## 8.13 Elias and Enoch: the 2 olive trees

According to Our Lady in La Salette, the 2 olive trees/witnesses/prophets of Rev 11 that precede the rise of the antichrist shall be Enoch and Elias. Christianity is already oppressed at the time. Please refer to <http://www.ladyofallnations.org/lasalhx.htm>

## 8.14 Rome, Constantinople, Jerusalem

Rome – capital of the Catholic legitimate church. Capital of the Roman Empire.

Constantinople – capital of Greek East Roman Empire and (stupid) rivalry with Catholics (Orthodoxy) and the Greeks of the West (Latinos).

If not catholic, Roman Empire/Byzantine Empire is a beast. It can even rule political and religious over the whole world with the antichrist...

Jerusalem – eternal capital of God over the whole world (Apoc 21,1; cross with Apoc 20). For the moment, Rome remains the capital of the legitimate Catholic Church. After Jesus comes in the glory, in the white clouds, with His angels and Saints, from heaven to earth, the capital of the world shall normally be transferred to Jerusalem, forever...

## 8.15 The Antichrist and the Freemasonry

According to Jesus and Mary in the French Web site <http://www.apparitionsmariales.org> and in the prophecies of New York, <http://www.tldm.org/directives/d13.htm>, the freemasons do idolatry and witchcraft, worshipping Isis, a goddess of ancient Egypt. The antichrist, after being a good catholic, falls in the seduction of satan through proud and becomes the chef of the freemasons. He goes to Egypt to create disturbs and, as a freemason, logically to idolater the gods of ancient Egypt. The world war III should start from Egypt... and the antichrist shall appear as the “man of peace” able to stop the war and to lead the world... before becoming the greater tyrant ever!

## 8.16 Be careful: the antichrist seems a very virtuous person

Our Lady in N.York alerts us about the ruse of the antichrist. He looks a very virtuous person, can perform miracles, but he says ... he is the Messiah (!). The ruse is so big that he can even mislead the elected (!). Consequently, the antichrist shall not be the emperor Nero (which would resurrect by a scientific or miraculous way). This leads me to think that the antichrist may come from a small Greek country like Cyprus in order to match the Daniel prophecies of the Greek/roman little horn that takes the leadership of the roman empire, and afterwards of the whole world. From the web site <http://www.ladyofallnations.org/> we learn that the antichrist shall be son from a evil religious sister from Jewish origin and from an evil bishop.

The text of the virgin Mary, which can be found at <http://www.tldm.org/directives/d122.htm>, follows:

### MAN OF DECEPTION

"Yes, many will receive the manifestation of seeing with their human eyes these demonic creatures of hell. It is for the edification of mankind. There will be great mysteries; there will be great miracles set upon earth. However, My child, all must be wary because when he, the man of deception, is recognizable to mankind—as he will set you with number upon the path of deception—he, too, will be a figure of virtue. He will be covered as a sheep with robes of purity, but look into his heart, My child."

Veronica - Oh, I see a horrible, black-looking, ugly thing that was down there in the, in the pit. It's inside of this man who—

outside he looks, he looks holy and human; but he's actually one of those things-he's actually a creature of hell.

Our Lady - "Now, My child, I will give you one secret unknown to many, but you must make it known to mankind. This man of deception shall try to follow My Son. He will convince many that he is the Messiah. You must make it known now that the Messiah will not come unless He comes down with the legions of angels from the heavens, as He ascended.

"Repeat anew, My child: this false messiah shall not be accepted upon earth. My Son, Jesus, is the only Messiah. He has already come to your earth, but He will return. But He will come down from the heavens as He ascended, with the legions of saints, those who have washed themselves clean with the Blood of the Lamb." - Our Lady, April 13, 1974

Thus, the true Messiah won't come in public until the end of the world, and when He comes, it will be from heaven to the earth, in the glory, with His angels and saints. Anyone who says he is the Messiah (God) and appears in public, even if he can perform miracles, seems holy and good, and controls the whole earth, is not the true Messiah: he is a liar!!! Be thus warned! And Jesus ruled from Jerusalem with His Saints (Apoc 20:9 + Apoc 21:1), thus not from other town (Rome?)...

Also, from the French web site <http://www.apparitionsmariales.org>, we learn that, through a private message of Jesus, the antichrist has a very strong power of seduction, I would say magnetic/hypnotic. So, it is very important not to approach him and avoid to see his face/image, not to fall in temptation to worship him. The best is to cut all access to the media, when he becomes famous (after the begin of the great war in the Middle East, I think). The supposed mark of the beast, the implantable microchip, produces also a very strong (hypnotic) effect of seduction: one more reason not to allow the implantation of the microchip in the human bodies...

## 8.17 Babylon the great, the prostitute

Although reading the Apocalypse 17 I may conclude that Babylon the great is the city of Rome, seated over 7 hills and over the beast (the roman empire), Our Lady in New York, [www.tldm.org](http://www.tldm.org), says instead that the great prostitute is the city of New York. New York is a great city and is reigning over many waters which are peoples and nations and languages. Indeed it has the profile and her (evil) seduction is strong. What confuses me a bit is that New York is not seated over 7 hills like Rome. Maybe, because it shall be seated over the beast (Roman empire) and over many waters (many peoples), she shall indirectly seated over the 7 hills of Rome, the capital of the evil empire of the antichrist during the big end time tribulation...

## 8.18 How shall possibly finish the conflict Israeli-Palestinian

Through the book of Joel chapters 3 and 4, and taking into account that:

- the ancient name of Philistines shall correspond to the Palestinians of today,
- Palestine shall be a name derived from Philistine
- the ancient Phoenicians shall correspond of the Lebanese of today,

I conclude that after the plague of the locusts (“possibly the Chinese”) and the end of the world, it shall exist a judgment of the nations. There the Philistines/Palestinians and the Phoenicians/Lebanese are condemned and shall be deported to the land of Saba/Sheba (Yemen /Southern Arabia), please refer to Joel 4:4-8. Indeed they’re accused of selling the Jews to the sons of Javan (Greeks and maybe the Latin races). This event didn’t happen yet. I assume it shall happen by the end times/apocalyptic period.

Also Egypt and Edom (southern Jordan) are condemned. Normally Egypt shall start the war of the king of South against the king of the North mentioned Dan 11:40 up to 12:1. This may be the third world war mentioned by the Virgin Mary because of Jerusalem/Palestine.

That’s also maybe the reason why Sheba/Yemen and Dedan/Saudi Arabia shall be allies in the war of Gog and Magog: a kind of feeling of guilty and reparation for the faults committed during the apocalyptic time.

## 8.19 The Final Judgment

According to Apocalypse, chapters 20+, after the war of Gog and Magog, 1000 years after the end of the world, it happens the resurrection of the remaining dead and the final judgement. After the final judgment comes the paradise on a new earth, forever, for God and His elected, and meanwhile the whole universe has already changed...

Through the remarks contained in the gospels and in Our Father's prayer I believe, the final judgement is like this:

- if we refuse now (in our earth live) Jesus, we will be refused by Him at that moment
- in the same way we judge, we will be judged
- if we condemn, we will be condemned
- if we forgive, we will be forgiven. In the same way we forgive, we shall be forgiven, according to 'Our Father's prayer...

So, watch out not to fall in these traps of refusing the Lord, not forgiving, condemning and judging the others. It is very easy to contradict ourselves

during our earthly lives: we try to defend always our interests. The problem is that with the time, the circumstances change, and what was interesting for us before may not be any more, according to the different circumstances, putting us in contradiction while we keep to defend always our advantages/interests: a trap for the final judgement, specially for the non believers...

If we are Christians, we're in a safer position, because, if we put the doctrine of Jesus in practice, we accept Him and we're assumed to forgive, not to judge, not to condemn etc. Even better is to remain in state of grace, practising the sacrament of confession when required: that means that God already forgave us for our sins... while knowing we're not perfect beings...
